

Name: \_\_\_\_\_ Date: \_\_\_\_\_ Hour: \_\_\_\_\_

### *Six Degrees of Separation*

In your group select events in chronological order that link the first event with the last. *Write the name of each event you select.* Use your textbook and knowledge of the time period to create an argument or support for the events you select. Look for *cause & effect* relationships and be able to describe them (the events and their linkage).

A vertical sequence of nine empty rounded rectangular boxes, each connected to the one below it by a blue curved arrow pointing downwards. This diagram is intended for students to write the names of events in chronological order, showing how they are linked together.
